

# NEW WORKFLOW WITH SMART-C®

## OLD WORKFLOW

## NEW WORKFLOW SMART-C®

### PHYSICIAN:

- ✓ **Don't wait for radiology:** Take control of imaging for precise and efficient patient care.
- ✓ **Reduces referrals and rescheduling:** Onsite fluoroscopic imaging eliminates the necessity to send patients to another facility for imaging studies and minimally invasive procedures.
- ✓ **Comprehensive care:** Offer a one-stop solution for in-clinic imaging and minimally invasive procedures.

### PATIENT:

- ✓ **Convenience:** No waiting for imaging and the option of procedures performed in clinic.
- ✓ **Time and cost savings:** Bypass radiology and the ASC for quicker recovery and reduced costs.
- ✓ **Improved interaction:** A more personal experience with physician acquired imaging.

*Follow federal, local, and institutional regulations for X-ray imaging use and radiation safety protection.*
